# chant™ cobra

## Pull Handles

## Lever Handles

Both Cobra 610 and 611 lever handles can accommodate F, R or S rose types

## Cobra Pull Handles

Cobra handles are 'non handed' and suitable for standard doors, and only narrow stile doors where there is sufficient finger clearance between the handle and door edge or frame backstop. Finishes and mounting options – Refer *chant™ technical*. Glass door mounting – All handles are suitable for mounting on glass doors as back to back pairs, or a single handle with dome screws. Hole size required is 10mm. A washer kit for glass door mounting is supplied.

## Cobra Lever Handles on Rose

The following features are incorporated in the design of the roses:

- The handles are reversible on the roses
- 4 hole back to back fixing, 2 holes vertically for use with tubular latches and 2 holes horizontally for use with mortice locks
- Fixing centres available: – 38mm and 41mm
- Spring return on all handles
- Snap on rose cover to provide concealed fixing with screw driver recess to assist removal
- Fixing plate available to lock handle from turning
- Spindles supplied, 7.6mm or 8mm
- 76mm stainless steel screws supplied
- Three rose cover styles: F=Facet, R=Radius, S=Square to complement lever styles and escutcheons in the 400 / 410 / 420 Series

## Rose Types 38F / 38R / 38S

F=Facet / R=Radius / S=Square

38mm fixing centres for:

- Profile cylinder mortice locks:
  - AGB, CES, CISA, Dorma, FSB, GSV, Häfele, JADO, KfV, Protector Series, SAB
  - Legge 8762, 57mm backset
- Oval cylinder mortice locks:
  - Astra Brass and Astra S Series
  - Legge 990 MF
  - Union 2041, 127mm backset (has the lock cylinder horizontally in line with the lever handle)
  - Union 2241, 57mm and 82.5mm backsets
- Mortice latch: Union 2677, 57mm backset
- Tubular latch: Dalco 12002

## Rose Types 41F / 41R / 41S

F=Facet / R=Radius / S=Square

41mm fixing centres for:

- Tubular latches, 60mm backset or longer
- Lockwood 3500 Series mortice lock (Australia)
- NT Falcon mortice lock (USA)

Example and specification of an order for lever or fixed handles on rose, or plate (Refer *chant™ technical*).

Handle Style	Handing	Rose/Plate Type	Lever (L) Fixed (F)	Finish	Quantity	Spindle Size
610	LH	38F	L	SCP	5pr	7.6mm

It is recommended that the lock type is stated when ordering handles. Refer *chant™ technical* for finishes.
